## Looking For Information From War Veterans

1-14-98

Dear Editor: Back in November, I was talking to a WWII veteran about some of his experiences in Europe, such as the Battle of the Bulge, and the liberation of Dachau Death Camp. I found it fascinating.

What surprised me more was that he told me that I was one of the first people he ever told these stories to since he came home from the war. When I asked him why, he responded that he used to try to tell people about what he had seen and done, but they all called him "damned liar." I remember a quotation I heard or read somewhere that goes, "Those who fail to learn from

history are doomed to repeat it."

I then have had the opportunity to listen to other "war stories" from other veterans, including WWII, Korea, Vietnam, and present day conflicts. We have a wealth of memoirs in this valley. I brought the idea up to several veterans that someone ought to collect and publish the memoirs from the veterans in this valley before the day comes when it is too late.

Once that time comes these memories will be lost forever. So, I am collecting stories from veterans from Heber Valley, including WWI, WWII, Korea, Vietnam, the Cold

War (there was no fighting during this time but these members contribution is no less important), and any present day conflicts (Grenada, Panama, Persian Gulf, Somalia, Bosnia, Haiti, etc.) If I did not mention your campaign or geographical area, know that you are included with the rest.

Send your memoirs to John Lemon, Box 706, Midway, UT 84049. If a veteran has passed away, hopefully, he left behind something to posterity. Send copies only please as the originals should stay with the families. If you have any questions or suggestions, call me at 654-5017.
